

## Tamar Trotters

### Application for Course Funding

Having completed a UK Athletics course on behalf of the Club and myself I am applying for financial assistance with the cost incurred by my attendance. I realise that this is limited to 50% of the course costs only.

In order to claim this sum I am aware that I am expected to provide coaching assistance through our group training sessions either on a Club night or via Junior section training evenings and my name will be added to the database held for Group Leaders.

\*Please note that payment from the Club will not be made until a minimum of six training sessions have been completed unless this will cause the individual financial hardship (please speak to the Treasurer, Chairman or Head of Coaching if this is the case).

In order to complete this claim, please fill in the details below.

Date	Group	Confirmed

I apply for a refund of my .....coaching fees to the sum of

£.....
